

KINDERGARTEN NEWS 2/6/17

Reading: We continue to work on the phonogram -it, as well as -at and -an. We will evaluate the children's oral reading this week. Please reread the little books that come home each week, and review the colored flip books for -at, -an, and -it. The students are graded on their ability to sound out the three-letter words and read the sight words from the flashcard bag in the stories. Fluency is how well words flow together as your child is reading; there may be a note about their fluency when we test the books. Your child needs to be able to sound out and read these three-letter words (and the ones to come) fluently to do well in First Grade.

Math: The students did well with oral counting for the Report Card, now we just need them to write the numbers in order better! Putting numbers in sequence is very important for First Grade. We will continue to work on addition/subtraction up to 10. We are also counting to 100 by 10's and counting on from a given number.

Homework: Monday: flashcards

Tuesday: write 3 sentences using -in words from the word bank/"100" reading & writing activities

Wednesday: letter Kk in the Alphabet Picture Book.

Thursday: write Kk/beginning and ending sounds.

OVER

We will be sending home the baggie for 100 pieces of cereal on Tuesday, please return Wednesday. Reminder: this is just a snack. Please have your child eat breakfast as usual. Also, send in 100 pennies and animal shelter items on Wednesday, February 8th.

The school-wide Valentine Party will be on Friday, Feb. 10th. We will be doing Valentine exchanges in the classrooms on Tuesday, Feb. 14th. We would like you to make a Valentine box or bag at home and send it to school already decorated. The children will get to pass out their Valentines to their classmates.

We sent home a list of the children's names so that your child can write the names (to and from) on the valentines themselves!!! This is great Handwriting practice for them!

We would like a decorated valentine box and the valentines your child fills out for their classmates returned for our exchange on Monday, Feb. 13th. Doing the valentines is great handwriting practice! If they do a few each night, it is not an overwhelming task.

No school Monday, February 20th, President's Day.
2 hour delay Friday, February 24th, Teacher Professional Development.

Also, the office collects "Box Tops for Education" labels that are on many of the foods that you buy. They turn the labels in to the company and get money for the school!! They do the same with Campbell soup labels. If you send them in, the school gets money for them!!

The school collects empty ink cartridges from printers to recycle if you want to send those in too.

Homework for the Week of 2/6/17

Monday - practice flashcards _____(Initial)

Tuesday - write 3 sentences using -in words from word bank/100 reading & math activities & practice flashcards bring 100 pieces of cereal/pennies/animal shelter items _____ (Initial)
