

KINDERGARTEN NEWS 2/26/18

Reading: This week we are on the letter Dd and working on word families with short i. Encourage your child to build 3 letter words with "i" in the middle. We have sent home a word family sheet with short a and short i words that your child should be able to sound out without your help. We are well into writing sentences now too! You can see from the projects that your child is bringing home that we encourage them to sound spell. Every letter in the word is not important, just the ones they hear...for now!

Math: We continue to skip count by 5's and 10's to 100 in class. This counting is a very important step for 1st grade. We are working on number families with addition and subtraction. We are doing number stories in class to aid in the addition or subtraction method. We continue to compare numbers to 100. Learning the number sequence to 100 is also a major step to 1st grade work.

Homework: Tues.: ending sounds

Wed.: letter "D" Homework Picture Book

Thurs.: write Dd/math

Miscellaneous: We will begin report card testing this week and next.

The students need to be able to count to 50, count to 100 by 10's, count objects to 15, recognize and write to 15, and count forward when given a number. Practice sight words flashcards.

We collected 136 items to donate to the animal shelter! Way to go!

Book Fair this week.

We previewed books today.

Book Fair for Mrs. Crozier is Tuesday, Wednesday for Mrs. Kidder & Mrs. Perkins. Right to Read Week will be March 5-9. More details to will be sent home
