## SHADYSIDE BOOSTERS TURF COMPLEX PROJECT

### 100 YEARS OF HISTORY

Dear Shadyside community members and schools,

Since 1934, the Shadyside Boosters have strived to support all extracurricular teams at Shadyside High School. When the conversation turns to supporting the Tiger teams, you can be certain the Boosters are working behind the scenes to help the teams in any way possible. This support offered by the Boosters has been invaluable to the community for the past 85 years. The 2019 Boosters are excited to introduce the **Shadyside High School Turf Complex** project that will benefit Shadyside in many ways. It's an exciting time to be involved and we are seeking YOUR support!

As we begin this project, we believe it is important to start with open communication. Our group is committed to raising funds to turf the football field for our school. This is a 100% fundraising effort by a group of proud, dedicated individuals committed to ensuring that Shadyside students and the community will benefit from the completion of the complex. It's an exciting time to be involved and we are seeking YOUR support!

We are proud to introduce different levels of support opportunities. This will make it possible for everyone from individual alumni and small businesses to groups and large corporations to contribute to this exciting project. We simply want everyone involved. In taking this approach, there will be a nominal money and time investment when compared to traditional methods. As a recognized 501(c)3 organization, your donation or sponsorship to the Turf Complex Project is tax deductible. For more information on how to sponsor, donate, or get involved please contact any Shadyside Booster member at **1-844-676-TURF** or **shadysideboosters85@gmail.com**.

### Go Tigers!

## SHADYSIDE BOOSTERS TURF COMPLEX PROJECT

### 100 YEARS OF SHADYSIDE HIGH SCHOOL FOOTBALL AND STILL COUNTING.

The **Shadyside Local School District** envisions a safe, modern educational environment for all students built upon a foundation of cooperation, collegiality, and community involvement. In addition to academic excellence, comes a strong history and tradition of Shadyside Tiger athletics. For years, the young men and women of Shadyside have represented the athletic and extracurricular programs and have made the community proud. Not only do they learn how to work hard, but they develop a set of skills that they can carry with them into the future. Shadyside's students spend countless hours practicing the sport or activity they are passionate about. Shadyside's coaches go above and beyond to ensure their teams are set up for success. The Shadyside community has an unmatched level of pride when it comes to supporting the Tiger teams. 2019 marks the 100th year of Shadyside High School's football program. Fleming Field also benefits the track and field athletes, the Tiger marching band, the cheerleaders and more. The time to reward our hard-working teams, dedicated community and future Tigers is now. We are proud to introduce the **Shadyside High School Turf Complex** project.

Since 1934, the Shadyside Boosters have strived to support all extracurricular teams at Shadyside High School.
