

This is a message from the School Nurse. The Belmont County Health Department has started to schedule vaccinations for May. Appointments are now required in an effort to maintain social distancing in the waiting room. Shots will be given on Wednesdays from 9-11 and 1-3. Please call and schedule an appointment if you wish the Health Department to administer the following required vaccines for the 2020/21 school year: Kindergarten Boosters, 7th grade Tdap and Meningococcal vaccines, or Senior Meningococcal vaccine.

Please bring your child's shot record to your appointment and be advised that only 1 parent with 1 student will be allowed in the Health Department at a time. Phone number to call and schedule is 740-695-1202. The number again is 740-695-1202.
