

I would like to take this opportunity to welcome everyone back to school year 2020 -21. We are in a very trying time and are going to do everything possible to provide the best education and safety for every child attending Jefferson Elementary.

It is very important that you read the handbook, frequently visit the shadysideschools.com website and receive phone parent broadcasts. Things could change quite quickly and will be communicated through the above contacts.

Every staff member has been working very hard to prepare for the return of our wonderful students. We have set very high expectations and made plans to guarantee that every student at Jefferson will be successful this school year.

We will continue to use student id numbers for our lunch program. First and second graders will use the same four digit number as last year. Kindergarten parents will receive their child's four digit number so that you can practice at home with your child to help them memorize it for lunch. We will have a list to guide them too! If you would like to create a lunch account, please send money or check in an envelope to the main office. Mrs. Brooks will deposit your money into your child's lunch account and let you know when your account is getting low. Otherwise, you can send money in daily with your child.

We greatly appreciate your cooperation and understanding while kicking off the school year. Though this school year could look very differently, we are going to work extremely hard to provide the best education to our students. Never hesitate to call, email or inbox me on Facebook with questions or concerns. I am here to help you and your families feel experience a very successful and safe school year.

Ms. Caldwell
