Plan for Monitoring Spectators Attending Athletic Events 2020-2021

All of the ticket booth and table workers at the entering point of a home athletic event will have rosters of participating teams, both home and visiting with them.

Every member of our football team, band, majorettes, and cheerleaders will be able to purchase tickets for their families. Each ticket will cost \$7.00.

On the Wednesday or Thursday prior to the Friday night home game, these parents only can buy their tickets at the ticket booth between the hours of 5:30 pm and 7:00 pm. Please send one parent to represent each family so crowds can be kept at a minimum.

There will be no tickets sold at the gate for varsity football home games. There will be no pre sale at any other location.

There will be no saving seats prior to the game starting. Please DO NOT put tape and blankets on the bleachers.

There will be no athletic passes of any kind for sale.

Senior FB players will have the opportunity to purchase 5 tickets per home game. Junior and sophomore players can buy 4, and freshman players can buy 3. The same goes for cheerleaders, band, and majorettes.

Tickets for away contests will be handled and announced on a game by game basis. We will broadcast FB games through live streaming on facebook. Plans are to do the same for VB. This will of course be for people who are not attending.
